

Grant Cover Letter — Nike ESG Partnership

Dear Nike ESG Committee,

We are writing to formally introduce Bell Material Solutions and our proposal for a strategic partnership with Nike. Our mission is to eliminate waste and minimize carbon footprints through innovative recycling and repurposing solutions. This aligns directly with Nike's commitment to sustainability and leadership in environmental responsibility.

Through this collaboration, we aim to repurpose manufacturing by-products, textiles, and packaging into valuable resources. The result will be a measurable reduction in landfill waste, lower carbon emissions, and enhanced ESG performance for Nike.

We are confident that this partnership will create meaningful impact not only for Nike, but also for the communities we serve. Together, we can demonstrate that sustainability and innovation drive long-term growth and brand trust.

Thank you for your consideration. We look forward to the opportunity to discuss this proposal in greater detail.

Sincerely,

Richard & Amber Bell

Co-Founders, Bell Material Solutions
